- 3 Colouring tools
- 4 Cardboard (*like a cereal box or shoe box!*)

## INSTRUCTIONS

- 1 Colour in the circles
- 2 Cut out the coloured in circles
- 3 Glue the coloured circles onto cardboard and cut them out. Then stick the two cardboard backs together so the coloured sides are on the outside
- 4 Poke two holes in the middle of the circles and thread the string through, tying the ends together to make a big circle
- 5 Centre the disc on the string. Hold the ends and 'flip' the disc repeatedly to wind up the spinner
- 6 Quickly stretch the string to watch it twirl and swirl!
